

Deletion & Substitution!

We are going to say our Deletion & Substitution chant! Repeat the chant after me!

"It's Deletion & Substitution time!

We want to change the beginning, middle, and ending sounds!
We want to make a new word."

Say one sentence at a time of the Deletion & Substitution chant and ask the students to repeat after you.

SAY

Let's practice our Deletion skills! When we delete the sounds in a word, we take one sound away. Think about this word man. What is the word if I remove the sound /m/? Whisper the word in your hand and hold them tight. We will share after we all have a chance to think first.

Listen and watch as students think of the word. Provide support as needed.

SAY

Ok, let's hear them. /a//m/=am. Think about this word cat. What sound did you take away to change it to at?

Allow students to answer.

DO

Yes. you took away the /k/.

SAY

Repeat Deletion practice with 1-2 words as time permits. Be sure all students have a chance to share their thinking with a partner or the full group.

Deletion Word List: man without the /m/ - an; What sound did you take away to change cat to at - c; what sound did you take away to change crave to rave - c, what sound did you take away to change brake to bake - r

Correction Routine:

If any students make an error, have the whole group watch as you model. My turn: Say the word. Say the individual sounds in the word while tapping your fingers.

Your turn: Have students repeat. Addressing the whole group, rather than providing individual corrections, allows all students additional practice which will further develop their skill.

Introduce the sounds!

Letters are either a vowel (a, e, i, o, u) or a consonant (other letters).

Words with a consonant consonant vowel consonant pattern use a consonant blend. In this unit, students will practice reading words with an "r blend".

CCVC words use the short vowel sounds. (a, e, i, o, u)

crib frog trap
$$|k|/r/|\tilde{i}|/b| = crib |f|/r/|\tilde{o}|/g| = frog |t|/r/|\tilde{a}|/p| = trap$$

Learning new sounds is so cool! Repeat our chant after me! "It's time to learn new sounds! We use the sound rule to help us read!"

Say one sentence at a time of the Introduce the Sound chant and ask the students to repeat after you.

Let's learn a super cool new rule today!

We'll be exploring consonant consonant vowel consonant (CCVC) words that use a consonant blend. Remember, a consonant blend is when two consonants are side by side. When you read them, you hear both of their sounds blend in the word. Today we'll be decoding words that have a "r blend". Words in this unit will begin with two consonants, then have a vowel, and finish with a consonant. When we read CCVC words, we use the short vowel sound. For example, crib is a CCVC word with a consonant blend, so we read the word $\frac{k}{r} \frac{l}{i} = \text{crib. Let's review the short}$ sounds of the vowels

Show the a, e, i, o, u sound letter cards and review the sounds.

SAY

Let's practice reading our CCVC words!

Blend the sounds!

Blending sounds helps us read the words smoothly! Repeat our chant after me!

SAY

"It's time to blend the sounds!

It's time to blend the sounds to help us read the words smoothly!"

Say one sentence at a time of the Blend the Sounds chant and ask the students to repeat after you.

Let's practice blending the sounds in some words today! When we blend the sounds in words, it helps us read the words smoothly. Let's try it. A consonant blend is when you have 2 consonants next to one another in a word. When this happens, you make the sound of each consonant when reading the word. Let me give you an example.

Point to the word drip.

SAY

This word begins with 2 consonants, d-r. Next comes a vowel, i. It ends with another consonant, p. This is a CCVC word or closed syllable, because it ends with a consonant. Because it's a CCVC word, or a closed consonant, I know that I will use the short vowel sound for i, /i/. Now that I know what kind of word it is, and what vowel sound to use, I can blend the sounds together to read the word. Remember, when reading a word with a consonant blend, we say the sounds of both consonants. $\frac{d}{r} = \frac{d}{r} =$ drip. Let's segment and blend the word together now. Use your Double Decker Elkonin Boxes.

Segment and blend the word drip.

Let's look at another word.

DO

Point to the word drop.

This word begins with 2 consonants, d and r. Next comes a vowel, o. It ends with another consonant, p. This is a CCVC word and a closed syllable, because it ends with a consonant. Because it's a CCVC word, or a closed consonant, I know that I will use the short vowel sound for o, /o/. Remember, when reading a word with a consonant blend, we say the sounds of both consonants. Now that I know what kind of word it is, and what vowel sound to use, I can blend the sounds together to read the word. $\left| \frac{d}{r} \right| \left| \frac{d}{r} \right| = drop$. Let's blend it together now. Use your **Double** Decker Elkonin Boxes.

Listen as students blend the word. Take notes on the students that can accurately blend the CCVC word and students that may need reteaching and/or additional support

Great thinking! Awesome job blending the sounds today!

Read the words!

SAY

When we practice reading the words, it can help us read the words faster and faster. This helps us learn to read smoothly like when we are speaking! Repeat our chant after me!

"It's time to read the words!

It's time to read the words, so we can read smoothly, like we are speaking!"

Say one sentence at a time of the Read the Words chant and ask the students to repeat after you.

Let's practice reading words today!

We are going to read the words. When we practice reading the words, it helps us read faster and faster. This helps us focus on what we can learn from the words. Let's look at the first word.

Point to the word frog.

When we read this word, we look to see what spelling pattern it uses so we know what vowel sound to make. I see a CCVC spelling pattern. We'll use the short vowel sound. Remember, when reading a word with a consonant blend, we say the sounds of both consonants. f/(r/o)/g/=frog. Your turn. Use your Double Decker Elkonin Boxes.

Listen as students read the word. Take notes on the students that can accurately articulate the sounds and read the word and students that may need reteaching and/or additional support.

SAY

Yes, the word is frog. Let's look at the next word. How would you read this word? Use your **Double Decker Elkonin Boxes**.

DO

Point to the word fred. Listen as students read the word. Take notes on the students that can accurately articulate the sound and read the word and students that may need reteaching and/or additional support.

Yes, the word is fred. One more. Use your **Double Decker Elkonin Boxes**.

Point to the word trap. Listen as students read the word. Take notes on the students that can accurately articulate the sound and read the word and students that may need reteaching and/or additional support.

Great thinking! Awesome job reading the words today!

Correction Routine:

For decodable words: Say my turn. [Say and sound out the word.] If any students missed a sound or used an incorrect letter to represent the sound, reference the appropriate wall card. Then say your turn. Guide students as necessary to record letters for each sound they hear in the word.

Decode the words!

SAY

Decoding is when you break up the sounds in a word and read each sound one at a time. Then you blend the sounds together to read the word! Repeat our chant after me!

"It's time to decode the sounds in the words!

It's time to decode the sounds in the words so we can read the words!"

DO

Say one sentence at a time of the Decode the Words chant and ask the students to repeat after you.

Let's practice decoding the sounds in words today!

SAY

We are going to decode the words. Remember, decoding is when you break up the sounds in a word and read each sound one at a time. Then you blend the sounds together to read the word! When we decode the sounds in words, it helps us read the words correctly. Look at our words for today

Point to the words.

First, look at the spelling pattern to decide what vowel sound to use. Next, say each sound. Finally, blend the sounds together to read the words.

Partner students.

SAY

You and your partner work together to decode these words (brim, crib, drum, gram). I'll be by to listen. Use your Double Decker Elkonin Boxes.

DO

Listen as students decode the word. Take notes on the students that can accurately articulate the sounds and read the word and students that may need reteaching and/or additional support.

SAY

Great thinking! Awesome job decoding words today!

Correction Routine:

If any students make an error, have the whole group watch as you model. My turn: Say the word. Say the individual sounds in the word while tapping your fingers.

Your turn: Have students repeat. Addressing the whole group, rather than providing individual corrections, allows all students additional practice which will further develop their skill.

Spell the words!

SAY

When we can spell words, it shows that we met the target. When we hear the sounds, we can match the sounds to the correct letters and spell the word! Repeat our chant after me!

"It's time to spell the words!

It's time to spell the words to show we understand the rule!"

DO

Say one sentence at a time of the Spell the Words chant and ask the students to repeat after you.

Let's practice spelling words today!

We are going to spell the words. Remember, when we can spell words with the correct rule, it shows that we met the target. When we hear the sounds, we can match the sounds to the correct letters and spell the word! Listen to our words for today. The word is brag. How would we spell the word brag? Let's listen to the sounds and match the sound to the correct letter. The word is "brag". I hear /b/ /r/ /a/ /g/ and I know that sound for /b/= the letter b and the sound for /r/= the letter r, and the sound for |a| is the letter a, and the sound for |g| is the letter g. We spell $\frac{b}{r} \frac{a}{g} = b-r-a-g$. Grab your whiteboard to write.

Watch as students spell the word using the letter and sound connections. Take notes on the students that can accurately articulate the sound and spell the word and students that may need reteaching and/or additional support.

SAY

Yes, when we spell the word brag we write the letters b-r-a-g. Now I want to make a new word by changing the beginning sound. What would the word be if we changed the b sound in brag, to the d sound? d/r/a/g. Grab your whiteboard to write.

Watch as students spell the word using the letter and sound connections. Take notes on the students that can accurately articulate the sound and spell the word and students that may need reteaching and/or additional support.

SAY

Yes, when we change the beginning sound from /b/ in blog to /d/, we write the letters d-r-a-g for the word "drag". Great thinking! Awesome job spelling words today!

Correction Routine:

If any students make an error, have the whole group revisit the spelling for the word.

For decodable words: Say my turn. [Say and sound out the word.] If any students missed a sound or used an incorrect letter to represent the sound, reference the appropriate wall card. Then say your turn. Guide students as necessary to record letters for each sound they hear in the word.

High Frequency Words! ---

SAY

Some words we can sound out now, some words we'll learn how to sound out later, and some words are rule breakers and we can't sound out. Words that show up a lot in books are called High Frequency Words.

Let's learn some! Repeat our chant after me!

"We see high frequency words all the time!

Let's figure out how to read them!"

Say one sentence at a time of the High Frequency Words chant and ask the students to repeat after you.

Let's read our high frequency words!

SAY

Today, we're learning 2 new words that use rules you haven't learned yet.

Display the word are.

This word uses the spelling a-r. A-r is pronounced /ar/. Let's read this word.

Point to are.

SAY

We read this word $\frac{1}{2}$ = "are". The e doesn't make any sounds. Read with me using your **Double Decker Elkonin Boxes**.

DO

Read it again by segmenting and blending.

SAY

Excellent! Let's use your Double Decker Elkonin Boxes to read a couple of these words that have been tricky for us.

DO

Choose a few HFW that have been challenging to practice and have students use your Double Decker Elkonin Boxes as they read the words.

Excellent work learning 1 new high frequency word and practicing old words today.

SAY

High Frequency Word List: are

Correction Routine:

If any students make an error, have the whole group watch as you model. My turn: Say the word. Say the individual sounds in the word while tapping your fingers.

Your turn: Have students repeat. Addressing the whole group, rather than providing individual corrections, allows all students additional practice which will further develop their skill.
