

Lesson 3

Lesson message:

Hello Everyone! Today we are going to continue exploring self-awareness. Let's remember that self-awareness helps us understand our feelings, thoughts, and values so we can make good choices. How do you practice self-awareness as **learners**? Let's try to find more examples in the way we work with one another today as **learners**. We can all do it! We are going to have a great day!

Daily message

Before beginning, write the Daily Message on chart paper or the board. Invite students to join the circle and sing the welcome song while gathering.

Welcome, welcome, welcome to you. We are beginning. We are so happy to see you!

Read aloud the daily message text to students. As you read aloud, think aloud pointing to words and describing meaning. Show students any collective nouns (class). Clarify the meaning of unknown words and phrases.

Lesson 3

Academic vocabulary

SAY

I am going to read our Daily Message again. When I am reading the Daily Message aloud, I want you to think of any words you hear that you do not know.

DO

Read the Daily Message straight through, this time demonstrating automaticity, appropriate intonation, and expression.

SAY

Think about the words that you noticed that you did not already know. This is how I like to learn new words and I hope this is exciting for you too!

DO

Ask students to share the words they noticed with a partner and what they might mean. Listen in to their discussions to see if they chose the same word you planned to highlight today.

SAY

Let's explore the unknown words together. Remember, another way to describe these words we do not know is to call them vocabulary words. What vocabulary words do you notice?

DO

Allow students to share the vocabulary words that are new to them.

Lesson 3

These are all awesome words to explore! Today, we are going to zoom in on the word **learners**. The word learners refers to someone who is learning something. You are all wonderful learners. Think about the different things that make you a learner. What are you learning?

Share time

We are going to continue to discuss how we show self-awareness in our own lives. Think of an example when you had self-awareness. Be ready to share with a partner. Turn to the person next to you and share your thinking.

Give students time to share with a partner.

Can anyone relate their self-awareness back to our vocabulary word, learners? How can you show self-awareness as a learner?

Listen as students share to assess student understanding of SEL: Self-Awareness focus and ability to follow discussion rules and speak in complete sentences. At the end of the time period, thank the students for sharing and remind them to practice their self-awareness.

Lesson 3

SAY

Thank you for sharing your wonderful thoughts today. We did it! Remember to practice your self-awareness!
