

Lesson 5

Deletion & Substitution!

SAY

We are going to say our Deletion & Substitution chant! Repeat the chant after me!

“It’s Deletion & Substitution time!

We want to change the beginning, middle, and ending sounds!

We want to make a new word.”

DO

Say one sentence at a time of the Deletion & Substitution chant and ask the students to repeat after you.

SAY

Let’s practice our Substitution skills! When we substitute or replace the sounds in the words with a different sound, this is called substitution. The word is bacon, /b/ /a/ /k/ /i/ /n/. Now, let’s substitute the long a for a long e. What’s our new word?

DO

Listen and watch as students think of the word. Provide support as needed.

SAY

Ok, let’s hear them. /b/ /a/ /k/ /i/ /n/ turns into /b/ /e/ /k/ /i/ /n/ = “beacon”. The next word is paper /p/ /a/ /p/ /er/. Let’s substitute the long a /a/ for long i, /i/. What’s our new word?

Lesson 5

DO

Listen and watch as students think of the word. Provide support as needed.

SAY

Yes! /p/ /i/ /p/ /er/ = "piper".

DO

Repeat Substitution practice with 1 more word as time permits. Be sure all students have a chance to share their thinking with a partner or the full group.

Substitution Word List: wait - /w/ /a/ /t/. Substitute the long a for short e.
/w/ /e/ /t/ = "wet"

Correction Routine: If any students make an error, have the whole group watch as you model.

My turn: Say the word. Say the individual sounds in the word while tapping your fingers.

Your turn: Have students repeat. Addressing the whole group, rather than providing individual corrections, allows all students additional practice which will further develop their skill.

Lesson 5

Introduce the sounds!

When a word or syllable ends with a vowel, it's called an open syllable and the vowel makes the long vowel sound, it says its name.

When we decode and spell words with the long a spelled with an open syllable, the vowel says its name.

For example, we say /b/ /ā/ | /s/ /ī/ /k/ = basic. Basic has two syllables. The first one is an open syllable. /ba/ /sic/ = basic

basic	apron	bacon
/b/ /ā/ /s/ /ī/ /k/ =	/ā/ /p/ /r/ /ō/ /n/ =	/b/ /ā/ /k/ /ī/ /n/ =
basic	apron	bacon

SAY

Learning new sounds is so cool! Repeat our chant after me!

"It's time to learn new sounds!

We use the sound rule to help us read!"

DO

Say one sentence at a time of the Introduce the Sound chant and ask the students to repeat after you.

Lesson 5

Let's learn a super cool new rule today!

Today, we'll look at decoding and spelling words with the long a spelled with an open syllable. For example, we say /b/ /a/ | /s/ /i/ /k/ = basic. Before we start practicing decoding words, let's review our sound cards.

Flip through and review all the sound spelling cards students have learned so far. (**Sound Letter Cards: a, e, i, o, u, wh, sh, ch, ng, ck, ph, qu, ai, ay, ee, ea, igh, c, g, oa, oe, gu, ar, eigh, ei, ey**)

Remember, an open syllable is a syllable ending with a vowel and it makes the long vowel sound. Let's practice reading our words!

Blend the sounds!

Blending sounds helps us read the words smoothly! Repeat our chant after me!

"It's time to blend the sounds!

It's time to blend the sounds to help us read the words smoothly!"

Lesson 5

DO

Say one sentence at a time of the Blend the Sounds chant and ask the students to repeat after you.

SAY

Let's practice blending the sounds in some words today!

When we blend the sounds in words, it helps us read the words smoothly. Let's try it. An open syllable is a syllable ending with a vowel and it makes the long vowel sound.

DO

Point to the word *basic*.

SAY

When a word has two vowels and the two vowels are NOT a vowel pair, it probably means the word is 2 syllables. I notice that this word has 2 vowels not a vowel pair and is probably two syllables. Draw a dot under your vowels with me.

DO

Draw a dot under each vowel.

SAY

Let's try dividing the word between the *s* and *i* first. *B-a-s* would be a CVC and use the short vowel sound to say /b/ /a/ /s/ = "bas". The second syllable would be a VC pattern using the short vowel sound /i/ /k/ to say "ic". When I put them together it would be "basic" with a short a. Is that word familiar to you?

Lesson 5

DO

Let students decide if that sounds right.

SAY

No, that's not familiar to me either. Let's try dividing the word between the a and s and see how that changes it. So, now my first syllable is b-a. I know that a vowel at the end of a syllable says its name, so it'll make the long a sound: /b/ /a/ = "ba". The second syllable would be s-i-c. That follows a CVC pattern and we use short vowels with CVC. /s/ /i/ /k/ = "sic" Let's put the two syllables together. /b/ /a/ /s/ /i/ /k/ = "basic". Is that a word you recognize?

DO

Let students think for a second.

SAY

Yes! This is where we divide the word and that changes how we decode and blend it. Do it with me using our **Double Decker Elkonin Boxes**.

DO

Segment and blend the word *basic* using the **Double Decker Elkonin Boxes**. Take notes on the students that can accurately blend and students that may need reteaching and/or additional support.

SAY

Smart blending! Remember, a vowel at the end of a syllable can make the long vowel sound.

Lesson 5

Read the words!

SAY

When we practice reading the words, it can help us read the words faster and faster. This helps us learn to read smoothly like when we are speaking! Repeat our chant after me!
“It’s time to read the words!
It’s time to read the words, so we can read smoothly, like we are speaking!”

DO

Say one sentence at a time of the Read the Words chant and ask the students to repeat after you.

SAY

Let’s practice reading words today!

We are going to read the words. When we practice reading the words, it helps us read faster and faster. This helps us focus on what we can learn from the words. Let’s look at the first word.

DO

Point to the word *halo*.

Lesson 5

When we read this word, we look to see what spelling pattern it uses so we know what vowel sound to make. I see that it has two vowels. Put a dot under each vowel. It is probably made of 2 syllables. Remember, each syllable gets one vowel sound. Let's try dividing the word between the a and the l. Now look at each syllables' spelling patterns. What do you see?

Give the students a few seconds to identify that each syllable follows the CV pattern.

I notice that each syllable follows the CV pattern. I know when a syllable ends with a vowel, the vowel makes the long vowel sound. Let's try. Blend with me.
/h/ /a/ | /l/ /o/ = "halo".

Listen as students read the word. Take notes on the students that can accurately articulate the sound and read the word and students that may need reteaching and/or additional support.

Yes, the word is "halo". Let's look at the next word. How would you read this word?

Point to the word *naval*.

Lesson 5

SAY

Let's divide this word between the first a and the v. The first syllable is n-a. The second syllable is v-a-l. What spelling patterns do you see?

DO

Listen as students point out that the first syllable is a CV and should use the long vowel sound. The second syllable is CVC and should use the short vowel sound. Once you are sure students have identified these concepts, prompt them to blend.

SAY

I'm going to show you how I did it. You check to see if you did it the same way. /n/ /a/ | /v/ /a/ /l/ = "naval". Show me a thumbs up if we matched or a thumb sideways if you were almost there.

DO

Display the sentence: *The lady put the paper baby on the table.*

SAY

Take a couple minutes to read this sentence with your partner. All of the words follow rules you've learned or are High Frequency Words you've learned. Raise your hands when you have the whole sentence read and I'll come listen. You can do it!

DO

Monitor and assist. You may support by asking students to recognize the spelling pattern, prompting students to use the long or short vowel sound, asking students to underline letters that stick together, etc.

Lesson 5

I'll read it aloud as you read it with me.

Read sentence.

Remember, a vowel at the end of a syllable makes the long vowel sound.
Those brains are growing!

Decode the words!

Decoding is when you break up the sounds in a word and read each sound one at a time. Then you blend the sounds together to read the word! Repeat our chant after me!

"It's time to decode the sounds in the words!

It's time to decode the sounds in the words so we can read the words!"

Say one sentence at a time of the Decode the Words chant and ask the students to repeat after you.

Lesson 5

Let's practice decoding the sounds in words today!

We are going to decode the words. Remember decoding is when you break up the sounds in a word and read each sound one at a time. Then you blend the sounds together to read the word! When we decode the sounds in words, it helps us read the words correctly. Look at our words for today.

Point to the words.

Follow this routine:

1. Underline any letters that go together. Put dots under your vowels.
2. Draw in the syllable break.
3. Look for the spelling patterns.
4. Name any phonetic rules that help with pronunciation.
5. Try reading it. Is it right? If not, try another pronunciation.

Partner students.

You and your partner work together to decode these words (**apron, afraid, halo, naval, bacon, fatal**). I'll be by to listen. Use your **Double Decker Elkonin Boxes**.

Lesson 5

DO

Listen as students decode the word. Take notes on the students that can accurately articulate the sounds and read the word and students that may need reteaching and/or additional support.

SAY

Excellent work applying our new rule to decoding words today!

Correction Routine: If any students make an error, have the whole group watch as you model.

My turn: Say the word. Say the individual sounds in the word while tapping your fingers.

Your turn: Have students repeat. Addressing the whole group, rather than providing individual corrections, allows all students additional practice which will further develop their skill.

Spell the words!

SAY

When we can spell words, it shows that we met the target. When we hear the sounds, we can match the sounds to the correct letters and spell the word!

Repeat our chant after me!

“It’s time to spell the words!

It’s time to spell the words to show we understand the rule!”

Lesson 5

DO

Say one sentence at a time of the Spell the Words chant and ask the students to repeat after you.

SAY

Let's practice spelling words today!

We are going to spell the words. Remember, when we can spell words with the correct rule it shows that we met the target. When we hear the sounds we can match the sounds to the correct letters and spell the word! Listen to our words for today. The word is fatal. How would we spell the word fatal? Let's listen to the sounds and match the sound to the correct letter. The word is "fatal". I hear two syllables. Clap them out with me.

DO

Say and clap "fa|tal" out as a class.

SAY

The first syllable is /f/ /a/. We can spell that with an a because a vowel at the end of a syllable says its name. The second syllable is "tal". /t/ /a/ /l/ spelled t-a-l. You spell it. Grab your **whiteboards**.

DO

Watch as students spell the word using the letter and sound connections. Take notes on the students that can accurately articulate the sound and spell the word and students that may need reteaching and/or additional support.

Lesson 5

SAY

Yes, when we spell the word fatal we write the letters f-a-t-a-l. Great thinking! Awesome job spelling words today!

Correction Routine: If any students make an error, have the whole group revisit the spelling for the word.

For decodable words: Say my turn. [Say and sound out the word.] If any students missed a sound or used an incorrect letter to represent the sound, reference the appropriate wall card. Then say your turn. Guide students as necessary to record letters for each sound they hear in the word.

High Frequency Words!

SAY

Some words we can sound out now, some words we'll learn how to sound out later, and some words are rule breakers and we can't sound out. Words that show up a lot in books are called High Frequency Words. Let's learn some! Repeat our chant after me!

"We see high frequency words all the time!
Let's figure out how to read them!"

DO

Say one sentence at a time of the High Frequency Words chant and ask the students to repeat after you.

Lesson 5

SAY

Let's read our high frequency words!

Today, we're learning 1 new word!

DO

Display the word *again*.

SAY

We have a 2 syllable word today that follows the rules! I see an a and an a-i. Let's chop the word between the a and g. The first syllable is a. The second syllable is /g/ /a/ /n/. We pronounce the whole word as "again". Let's read our new word using our **Double Decker Elkonin Boxes**.

DO

Make sure students can read the new HFW.

SAY

Let's read our previous high frequency words!

DO

Point to or hold up all the high frequency words to this point as the students read them.

SAY

Excellent work learning 1 new high frequency word today.

High Frequency Word List: again

Lesson 5

Correction Routine: If any students make an error, have the whole group watch as you model.

My turn: Say the word. Say the individual sounds in the word while tapping your fingers.

Your turn: Have students repeat. Addressing the whole group, rather than providing individual corrections, allows all students additional practice which will further develop their skill.
